

Hands off our services...

Capita!

Join the protest: Thursday 7 July, 4.30-6.30pm
Capita HQ, 71 Victoria Street, London SW1H 0XA

Capita is bidding to run council services throughout London... for a profit!
We want publicly owned, run and accountable council services; any savings made by councils should go back into services, not shareholder profits!

This is the first protest: this summer we want to visit all the big companies bidding to get their hands on our services.

We are starting at Capita, whose CEO Paul Pindar is paid
£14,500 a week.

Protest called by Barnet trades council and Barnet Alliance for Public Services;
everyone welcome! *Contact: info@barnettuc.org.uk*
