

# 16 Mill lyrics

**In Barnet Capita have taken control,  
They now control the resident's body and soul  
For many of us it's been a bitter pill,  
To be forced out of Barnet into Capitaville**

## **Chorus**

Hand over 16mill and what do you get.  
Silence from the Tories and deeper in debt  
St Peter don't you call us cos we can't go  
They sold our soul to the Capita Store.

**Before the contract signing Capita had to pay,  
But once they signed it went the other way,  
Capita were supposed to invest the mills,  
But now Barnet residents, are footing the bills.**

## **Chorus**

But now Barnet residents, are footing the bills.  
Hand over 16mill and what do you get.  
Silence from the Tories and deeper in debt  
St Peter don't you call us cos we can't go  
They sold our soul to the Capita Store.

**The contract was hidden where the sun doesn't shine,**

**Unread by the Council before they chose to sign,**

**Now councillors are silent about our 16mil,**

**They have recently invested in Capitaville**

**Chorus**

They have recently invested in Capitaville

Hand over 16mill and what do you get.

Silence from the Tories and deeper in debt

St Peter don't you call us cos we can't go

They sold our soul to the Capita Store.

**No consultation with the residents,**

**Has led to wide spread discontent,**

**And now we have to swallow another bitter pill,**

**Cos no questions are allowed in Capitaville**

**Chorus**

Cos no questions are allowed in Capitaville

Hand over 16 mill and what do you get

Silence from the Tories and deeper in debt

St Peter don't you call us cos we can't go

They sold our soul, to the Capita store

**If you're disabled Barnet's not the place to be,**

**You're only a market place commodity,**

**You're seen as a source for profit, that's why,**

**If you don't produce a profit, they leave you, high and dry**

**CHORUS**

If you don't produce a profit, they leave you, high and dry

Hand over 16mill and what do you get  
Silence from the Tories and deeper in debt  
St Peter don't you call us cos we can't go  
They sold our soul to the Capita store

### Chorus

And if the right one don't deprive you then the left one will
